

Teaching day on delirium in hospitals and the community: a focus on day to day care

Queen Margaret University
EDINBURGH

Thursday 28 June 2018
9.00am – 4.15pm

This event features speakers experienced in clinical practice who will provide key insights into improving the day to day care of delirium. It will be of interest to healthcare staff working in hospitals and in the community.

Who can attend?
Clinicians of all disciplines with an interest in improving delirium care; those with an interest in Quality improvement.

If you are interested in displaying a poster on delirium, please email
